

Dates to Remember

Monday April 20th - Children return to school.

Friday 24th April - Healthy Heads sessions to start in Class 4 (for 4 weeks).

Tuesday 28th April - Friends of School meeting.

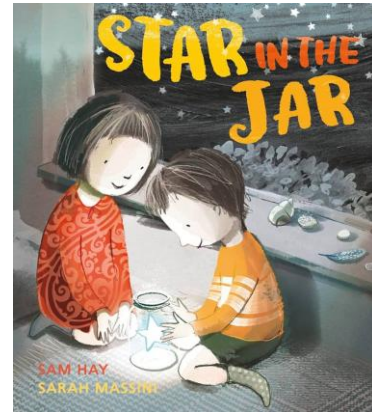

Thursday 30th April - Parent Science Cafe

Monday 4th May - May bank holiday

Friday 22nd May - Children's last day before the half term holidays.

Topics

Our text for this half term is 'Star in the Jar'. We will begin our unit of work by making our very own 'star in a jar'. We will be reading, learning and writing our own stories linked to this text. We will have opportunities for drama and role play linked too.

PE

All children must have a PE kit with them in school at all times:

White T-Shirt

Black or Green Shorts

Trainers or Plimsolls

No earrings to be worn at any time.

Class 3 and 4 will have PE on Tuesday and Wednesday. Remember to put names on all belongings including shoes, jumpers, coats and hats. Please ensure your child has a water bottle in school if they would like a drink throughout the day.

Just a reminder, every class has a reading race chart and every time your child reads at home and has their reading record signed, they get to move up the reading race track. When your child has reached the end of the race track, they will be invited to 'Afternoon Tea with Mrs C' where the children will enjoy afternoon tea and a story with Mrs Charlton.

Help with Maths at home

Try downloading the **1 Minute Maths App** from White Rose if you haven't done so already. This will help your child to develop their maths fluency in lots of different areas. It's also free!

Top marks online is also a free website with lots of varied maths games.

Maths

Children will be learning about simple fractions, length and height and weight and volume. We will continue to learn addition and subtraction facts to recall.

Science

In Science lessons this half term, we will learn about 'animals including humans'. We will learn the different groups of animals and how to distinguish between each group.

History

We will be learning about 'Toys from the Past'. The children will explore old toys and how they have changed.

DT

Linked with our work in English, the children will be designing and building their own rocket.

Online Safety

We will be learning how to explain that passwords are used to protect information.
